## Vehicle Information

Residents must register each vehicle to use the EZ Tag access to enter through the gates. All vehicles must be registered to the property address within the community. The gate access control system for the entry on Windfern is for the use of residents only with EZ-tags and/or gate remotes. All visitors (family, friends, service providers, etc.) are required to use the call box located at the Gessner entry to contact the resident to gain access to the community.
