

An aerial photograph of a modern community center and playground. The center features several dark blue buildings with grey roofs. To the left is a swimming pool with a blue slide. In the foreground, there is a large playground with a blue triangular shade sail, a wooden climbing structure, and a green-roofed playhouse. The area is surrounded by green grass, trees, and a paved parking lot with several cars. In the background, a residential neighborhood with houses and streets is visible under a clear sky.
