

**RESOLUTION REGARDING RESIDENTIAL CURB MARKERS  
SILVERLAKE HOMEOWNERS ASSOCIATION, INC.**

WHEREAS, Article X of the Declaration of Covenants, Conditions and Restrictions for Silverlake, filed of record under Brazoria County Clerk's File No. 95-002608, gives Silverlake Homeowners Association, Inc. (the "Association"), acting through the Architectural Control Committee ("ACC") the power to adopt and modify and/or amend guidelines as is deemed necessary; and

WHEREAS, the Board of Directors and the ACC wish to adopt a resolution requiring curb numbers for residential lots in order to assist accessibility for emergency vehicles.

NOW THEREFORE, BE IT RESOLVED THAT the following **Resolution Regarding Residential Curb Markers** is hereby **adopted** as follows:

**Residential Curb Markers**

Residential Lot owners shall be required to ensure that their residence has a clearly visible and legible curb marker with their address painted onto the curb directly in front of their residences. The curb markers shall be on reflective white background with four inch (4") black numerals. Any deviations from the standard black numerals on reflective white background will require prior Association approval. Lot owners shall be responsible for making sure that the curb markers are kept clean and well-maintained, so that they are clearly visible, legible and not faded or discolored in any way.

The Association may from time to time, at its discretion, voluntarily choose to undertake the painting or repainting of curb numbers as may become necessary. However, such action by the Association shall not in any way be deemed as creating an ongoing maintenance responsibility on behalf of the Association, as the ongoing maintenance responsibility shall rest solely with the Lot owner.

Silverlake

Adopted this 24<sup>th</sup> day of September 2019.
