the Lot and do or cause to be done such action as shall be necessary to bring the Lot and the improvements thereon into compliance with this Declaration. Likewise, the Association, any Owner or the Declarant, and their respective successors and assigns, shall have the right to enforce by a proceeding at law or in equity all easements, restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration and in connection therewith shall be entitled to recover all reasonable costs and attorneys' fees incurred in pursuance of such enforcement rights. All costs ("Charges") incurred by the Association or the Declarant, in carrying out any such action to secure compliance with the terms and provisions of this Declaration shall be billed to the Owner of the Lot by the Association by placing such bill in the United States Mail, postage paid. Any Charges which are not paid within thirty (30) days after same is billed shall bear interest from the date each cost composing the Charges was incurred until paid at an interest rate which will not exceed the maximum lawful rate per annum allowed by applicable law. In accordance with Section 1 of this Article, all Charges shall be secured by a continuing Vendor's Lien upon the Lot against which such Charges are made and shall also be the personal obligation of the person who is the Owner of such Lot at the time the action in enforcement of the terms of this Declaration was commenced.

153-66-10610

Section 10. Effect of Non-Payment of Assessments And/Or Charges; Remedies of the Association. As with Charges, any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at a rate which shall not exceed the maximum rate per annum allowed by law. The Association may bring an action at law against the Owner personally obligated to pay any assessment or Charges or foreclose the lien against the Lot, regardless of whether or not the current Owner has personal liability for the payment of same, and all interest, costs and reasonable attorney's fees incurred in any such action shall be added to the amount of such assessments or Charges. Each such Owner, by his acceptance of a deed to a Lot, hereby expressly vests in the Association, or its agents, the right and power to bring all actions against such Owner personally for the collection of such assessments or Charges as a debt and to enforce the aforesaid lien by all methods available for the enforcement of such liens against real property, including foreclosure by judicial action brought in the name of the Association and by non-judicial foreclosure pursuant to Section 51.002, Tex. Prop. Code Ann. (Vernon 1983), and such Owner hereby (i) expressly grants to the Association an extra-judicial power of sale in connection with the non-judicial foreclosure of said lien, and (ii) in addition, expressly grants and vests in the Association the right, power and authority to exercise such power of sale through a trustee (or substitute or

successor trustee, as may be the case from time to time) appointed in writing by the Association acting by and through its duly authorized officer. The lien provided for in this section shall be in favor of the Association and shall be for the benefit of all Lot Owners. The Association, acting by and through a duly authorized officer or the Trustee and on behalf of the Lot Owners, shall have the power to bid for the interest foreclosed at any foreclosure sale conducted pursuant to the terms hereof and to acquire and hold, lease, mortgage and convey such interest on behalf of the Lot Owners. No Owner may waive or otherwise escape liability for the assessments or charges provided for herein by non-use of the Common Properties or abandonment of his Lot.

153-66-1081

If the trustee appointed and designated by the Association to exercise the power of sale and to conduct a foreclosure sale in accordance with the terms of this Declaration shall die or become disqualified in the execution of the power of sale, or shall fail or refuse to exercise the same when requested by the Association, or if, for any reason, the Association shall prefer to appoint a substitute trustee to act instead of any appointed and designated trustee, the Association shall have full power to appoint, at any time by written instrument, a substitute trustee, and, if necessary, several substitute trustees in succession, who shall succeed to all of the estate, rights, powers and duties of the trustee under the terms of this Declaration, and no notice of such appointment need be given to the Lot Owner or to any other person or filed for record in any public office. Further, each Owner, by acceptance of a Deed to a Lot, hereby stipulates and agrees that the recitals contained in any Trustee's or Substitute Trustee's Deed or other instrument executed in due form by any trustee or substitute trustee, acting under the provisions of this Declaration, shall be prima facie evidence of the facts recited therein, and that it shall not be necessary to prove in any court, other than by such recitals, the existence of the facts essential to authorize the execution and delivery of such deed or deeds or other instrument in the passing of title thereby, and all prerequisites and requirements of any sale or sales shall be conclusively presumed to have been performed, and all persons subsequently dealing with the interest purported to be conveyed by such deed or deeds or other instrument shall be fully protected in relying upon the truthfulness of such recitals.

Section 11. Subordination of the Lien to Mortgages. The lien securing any assessment or Charges provided for herein shall be subordinate to the lien of any mortgage(s) now or hereafter placed upon the property subject to the assessment or Charges for the purpose of securing indebtedness incurred to purchase or improve such property; provided, however, that such subordination shall apply only to the assessments or Charges which have become due and payable prior to enforcement of such purchase money or

improvement lien by a sale or transfer of such property pursuant to a decree of foreclosure, a foreclosure by trustee's sale under a deed of trust, or a conveyance in lieu of foreclosure. Such sale or transfer shall not relieve such property from liability for any assessment or Charges thereafter becoming due, nor from the lien securing any such subsequent assessment or Charges. In addition to the automatic subordination provided for above, the Association, in the discretion of its Board of Directors, may subordinate the lien securing any assessment or Charges provided for herein to any other mortgage, lien or encumbrance, subject to such limitations, if any, as such Board may determine.

153-96-1062

Section 12. Exempt Property. The assessments and liens created in this Article III shall apply only to the Assessable Tracts, and the remainder of the property in the Properties shall not be subject thereto or entitled to the rights granted to Members in Article II.

ARTICLE IV

Section 1. Tenure. The Declarant shall initially appoint an Architectural Control Committee, consisting of not less than three (3) members, who need not be members of the Association. The persons serving on the Architectural Control Committee, or their successors, shall serve until such time as all Lots subject to the jurisdiction of the Association shall have Living Units thereon occupied as residences, at which time the Architectural Control Committee shall resign and thereafter its duties shall be fulfilled and its powers exercised by the Board of Directors of the Association. In the event of the death or resignation of any person serving on the Architectural Control Committee, the remaining person(s) serving on the Committee shall designate a successor, or successors, who shall have all of the authority and power of his or their predecessor(s). A majority of the Architectural Control Committee may designate someone serving on the Committee to act for it. No person serving on the Committee shall be entitled to compensation for services performed pursuant to this Article IV. However, the Committee may employ one or more architects, engineers, attorneys, or other consultants to assist the Committee in carrying out its duties hereunder; and the Association shall pay such consultants for such services as they render to the Committee.

Section 2. Approval of Plans. No buildings or improvements such as swimming pools, streets, driveways, sidewalks, drainage facilities, landscaping, fences, walks, fountains and statuary located on the Lots, outdoor lighting and signs, shall be commenced, constructed, erected, placed, or maintained in the Subdivision, nor shall any

exterior addition to or alteration therein be made, unless and until a site plan showing all uses and the location and dimension of buildings, swimming pools, entries, streets, driveways, parking areas, pedestrian ways, and storage areas, has been submitted to and approved in writing by the Architectural Control Committee. In addition, a schematic plan shall also be submitted to the Architectural Control Committee for its approval in writing. Said schematic plan shall specify, in such form as the Architectural Control Committee may reasonably require, structural, mechanical, electrical, and plumbing details and the nature, kind, shape, height, exterior color, scheme and materials of the proposed improvements or alterations thereto. For purposes of this Article IV, Section 2, "Schematic Plan" shall mean that certain plan which has been submitted or is to be submitted by an Owner to the applicable governmental authority for approval in connection with the issuance of a building permit. The Architectural Control Committee shall have the right, free of charge, to retain one (1) copy of the site plan and schematic plan. In the event the Architectural Control Committee fails to approve or disapprove the site plan and schematic plan within thirty (30) working days after they have been submitted to it, approval thereof will not be required and the provisions of this Section 2 will be deemed to have been fully complied with as long as the alterations, construction or renovations are completed within the guidelines provided by this Declaration or any amendments thereto and in accordance with the plans and specifications submitted for review and approval. Without limitation of the powers herein granted, the Architectural Control Committee shall have the right to specify a limited number of acceptable exterior materials and/or finishes that may be used in the construction, alteration or repair of any improvement. Should an Owner or occupant proceed to place any building or improvement upon or proceed with any construction, alteration or exterior change on any improvements located on a Lot without first applying for the written approval of the Architectural Control Committee, such Owner or occupant shall be in violation of this Declaration and will be thereafter required to submit a site plan and schematic plan, together with such other documents as the Architectural Control Committee deems appropriate, even after construction has commenced. The Architectural Control Committee shall have forty-five (45) days from receipt of the last of any required documentation, submitted after commencement of construction, alteration or exterior changes without prior written approval, to respond by approval, disapproval or modification requirements. The Association shall have the right to obtain restraining orders and/or temporary or permanent injunctions to terminate or halt construction, alterations or exterior changes which have not been reviewed and approved by the Architectural Control Committee in accordance herewith.

53-66-1063

The Architectural Control Committee shall have full and complete authority to approve any construction of any improvement on any Lot and its judgment shall be final and conclusive. All reasonable enforcement costs and attorneys' fees incurred by the Association in connection with the Association's exercise of the right to obtain restraining orders and/or temporary or permanent injunctions under this Section shall be recoverable against the Owner and/or occupant in violation of this Declaration and the provisions hereof and shall constitute "Charges" in accordance with Article III, Section 9 hereof. Where an Owner has neglected to submit a site plan and/or a schematic plan for approval, failure of the Architectural Control Committee to exercise the powers granted by this Article IV shall never be deemed a waiver of the right to do so either before or after a building or other improvement in the Subdivision, or any exterior addition to or alteration therein, has been completed.

53-66-1064

Where not otherwise specified herein, the Architectural Control Committee also shall have the right to specify requirements for each building site as follows: minimum setbacks; driveway access to adjacent streets; the location, height and extent of fences, walls or other screening devices (provided that no fence shall exceed a height of eight (8') feet), and the orientation of structures with respect to streets, walks, and structures on adjacent property. There shall be no chain link fencing constructed, installed or maintained on any Lot, except as may be utilized by builders with the approval of the Architectural Control Committee for temporary storage of building materials and supplies during the construction phase. Nothing herein contained shall be construed, however, as to prohibit the installation and maintenance of chain link fencing in, on or about the Common Properties and Common Facilities for the maintenance and protection of the amenities thereon and the appurtenances thereto. No roofing material shall be allowed other than tile, wood shingles or shakes, or a composition roofing, which shall meet standards prescribed by the Architectural Control Committee. The surface materials used in the construction of driveways and front sidewalks shall be subject to approval by the Architectural Control Committee. The Architectural Control Committee shall have full power and authority to reject any plans and specifications that do not comply with the restrictions herein imposed or meet its minimum construction requirements or architectural design requirements or that might not be compatible, in its judgment, with the overall character and aesthetics of the Property.

Section 3. Approved General Contractors. No construction of a building, structure, fence, wall, or other improvement shall be commenced in the Property until the general contractor to perform such construction shall have been approved in writing by the Architectural Control Committee, which approval shall not be unreasonably withheld.

In the event the Committee fails to approve or disapprove a general contractor within ten (10) working days after his name is submitted to it, approval will not be required and the provisions of this Section 3 will be deemed to have been fully satisfied.

53-66-1065

Section 4. No Liability. Neither Declarant, the Association, Board of Directors or the Architectural Control Committee or the members thereof shall be liable in damages to anyone submitting plans or specifications to them for approval, or to any Owner of property affected by these restrictions by reason of mistake in judgment, negligence, or nonfeasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications. Every person who submits plans or specifications to the Architectural Control Committee for approval agrees, by submission of such plans and specifications, and every Owner agrees that he will not bring any action or suit against Declarant, the Association, Board of Directors, the Architectural Control Committee, or any of the members thereof to recover any such damages.

Section 5. Rules and Regulations, Minimum Construction Standards. The Architectural Control Committee may from time to time, in its sole discretion, adopt, amend and repeal rules and regulations interpreting and implementing the provisions hereof. Likewise, the Architectural Control Committee may from time to time promulgate an outline of minimum acceptable construction standards; provided, however, that such outline shall serve only as a minimum guideline and the Architectural Control Committee shall not be bound thereby or prohibited from proposing additional (even more stringent) requirements or adopting amendments to such minimum construction standards to relax, reduce or otherwise modify such standards from time to time.

Section 6. Variances. Where circumstances, such as topography, location of property lines, location of trees, or other matters require, the Architectural Control Committee, by the vote or written consent of a majority of the members thereof, may allow reasonable variances as to any of the covenants, conditions or restrictions contained in this Declaration under the jurisdiction of such committee pursuant to this Article IV, on such terms and conditions as it shall require; provided, however, that all such variances shall be in keeping with the general plan for the improvement and development of the Property. It is further provided, however, that the Declarant, Oakreal Corporation, hereby reserves the right of approval or disapproval of all variances which may affect building setback lines, Lot area and structure locations.

Section 7. Remodeling, Renovation and Redecorating of Exterior Walls. No remodeling, renovation or redecoration of any exterior wall of any Living Unit or other building on a Lot which in any manner changes the visual appearance of such exterior

53-66-11000

wall (including, but not limited to, changing the color, appearance, texture or reflective character of any exterior surface; the addition or alteration of shutters, awnings or other window coverings; or the addition of wall applications) shall be allowed until the plans and specifications describing the work to be performed have been approved in writing by the Architectural Control Committee as provided herein. Such remodeling, renovation or redecoration shall, for the purposes hereof, be deemed to constitute an alteration of the buildings subject to the provisions of Section 2 above.

ARTICLE V
EASEMENTS

Section 1. General. The rights and duties of the Owners of Lots within the Property with respect to sanitary sewer, water, electricity, gas, telephone, and cable television lines and drainage facilities shall be governed by the following:

(a) Wherever connections for sanitary sewer and/or water or electricity, gas or telephone and cable television lines or drainage facilities are installed within the Property, which connection lines or facilities or any portion thereof, lie in or upon Lots owned by any party other than the Owner of a Lot served by said connections, lines or facilities, such Owners of Lots served shall have the right, and are hereby granted an easement to the full extent necessary therefor, to enter upon the Lots within the Property in or upon which said connections, lines or facilities, or any portion thereof, lie, to repair, replace and generally maintain said connections as to when the same may be necessary as set forth below.

(b) Wherever connections for sanitary sewer and/or water or electricity, gas, telephone or cable television lines or drainage facilities are installed within the Property, which connections serve more than one Lot, the Owner of each Lot served by said connections shall be entitled to the full use and enjoyment of such portions of said connections which service his Lot.

Section 2. Reservation of Easements. Easements over the Lots and Common Areas for the installation and maintenance of electric, telephone, cable television, water, gas and sanitary sewer lines and drainage facilities are hereby reserved by Declarant, together with the right to grant and transfer same.

Section 3. Surface Areas of Utility Easements. Easements for installation and maintenance of utilities are reserved as shown and provided for on the Subdivision Plat. With the exception of certain Lots located on the perimeter of the subdivision, underground electric, gas and telephone service shall be available to the remainder of the Lots in the subdivision. For so long as such underground service is maintained, the electric service to each Lot shall be uniform and exclusively of the type known as

153-66-1067

single phase, 120/240 volt, 3 wire, 60 cycle, alternating current. Easements for the underground service may be crossed by driveways, walkways, patios, brick walls and fences, provided the Declarant or Builder makes prior arrangements with the utility companies furnishing electric, gas and telephone service and provides and installs any necessary conduit of approved type and size under such driveways, walkways, patios, brick walls or fences prior to construction thereof. Such easements for the underground service shall be kept clear of all other improvements, and neither the grantor nor any utility company using the easements shall be liable for any damage done by either of them or their assigns, their agents, employees or servants, to shrubbery, trees, flowers or other improvements of the Owner located on the land covered by said easements.

Section 4. Public Streets. All Lots within the subdivision shall abut and have access to a public street. Public street rights-of-way are shown on the Subdivision Plat.

An easement is hereby granted to all police, fire protection, ambulance and other emergency vehicles and other service vehicles to enter upon the Common Area, including but not limited to private streets, corridors or driveways in the performance of their duties and further, an easement is hereby granted to the Association, its officers, agents, employees, and management personnel to enter the Common Area to render any service.

Section 6. Universal Easement. Each Lot and its Owner within the Properties is hereby declared to have an easement, and the same is hereby granted to Declarant, over all adjoining Lots and Common Areas for the purpose of accommodating any encroachment due to engineering errors, errors in original construction, settlement or shifting of the building, or any other cause. There shall be easements for the maintenance of said encroachment, settling or shifting; provided, however, that in no event shall an easement for encroachment be created in favor of an Owner or Owners if said encroachment occurred due to the willful misconduct of said Owner or Owners. In the event a structure on any Lot is partially or totally destroyed, and then repaired or rebuilt, the Owners of each Lot agree that minor encroachments over adjoining Lots shall be permitted and there shall be easements for the maintenance of said encroachments so long as they shall exist. Each of the easements hereinabove referred to shall be deemed to be established upon the recordation of this Declaration and shall be appurtenant to the Lot being serviced and shall pass with each conveyance of said Lot.

Section 7. Public Easement. There is hereby reserved to Declarant, its successors and assigns, an easement for public ingress and egress over any public pedestrian

pathways. This easement shall not imply any right of public use of the Common Area or Common Facilities owned by the Association.

Section 8. Audio and Video. In the event that audio and video communication services and utilities are made available to any said Lots by means of an underground coaxial cable system, the company furnishing such services and facilities shall have a two foot (2') wide easement along and centered on the underground wire or cable when and as installed by said company from the utility easement nearest to the point of connection on the permanent improvement or structure constructed, or to be constructed upon said Lot, and in a direct line from said nearest utility easement to said point of connection.

Section 9. Underground Electric Distribution System. With the exception of an overhead electric distribution system serving certain Lots located on the perimeter of the Subdivision Plat, an underground electric distribution system will be installed in that part of TWIN LAKES, SECTION ONE, designated herein as "Underground Residential Subdivision", which underground service area embraces the remainder of the Lots which are platted in TWIN LAKES, SECTION ONE. The Owner of each Lot containing a single dwelling unit, or the Owner/Developer shall, at his or its own costs, furnish, install, own and maintain (all in accordance with the requirements of the local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of electric company's metering at the structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each Lot. The electric company furnishing service (the "Company") shall make the necessary connections at said point of attachment and at the meter. Developer has, either by designation on the plat of the Subdivision or by separate instrument, granted necessary easements to the electric company providing for the installation, maintenance and operation of its electric distribution system and has also granted to the various homeowners reciprocal easements providing for access to the area occupied by and centered on the service wires of the various homeowners to permit installation, repair and maintenance of each homeowner's owned and installed service wires. In addition, the Owner of each Lot containing a single dwelling unit shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with the then current Standards and Specifications of the Company furnishing service) for the location and installation of the meter of the Company for each dwelling unit involved. The person who is the Owner of such property at the time such work is performed by the Association shall be personally obligated to reimburse the Association for the cost of such work within ten (10) days after it is performed by the Association, and if such amount is not paid within said period of time, such Owner shall be obligated to pay interest thereon at the maximum lawful rate per annum allowed by applicable law, and to pay any attorneys' fees and court costs incurred by the Association in collecting said obligation, and all of the same shall be deemed "Charges" under the terms of Article III, Section 9 for all purposes and shall be secured by the continuing Vendor's Lien on such Owner's Lot.

153-66-1075

Section 16. Driveways. The Owner of each Lot shall construct and maintain at his expense a driveway of not less than ten feet (10') in width from his garage to an abutting street, including the portion in the street easement, and he shall repair at his expense any damage to the street occasioned by connecting his driveway thereto.

This Declaration may be enforced in any proceeding at law or in equity against any person or entity violating or threatening to violate any term or provision hereof, to enjoin or restrain violation or to recover damages, and against the Property to enforce any lien created by this Declaration, and failure of Declarant, the Association, or any Owner to enforce any term or provision of this Declaration shall never be deemed a waiver of the right to do so thereafter.

Section 2. Incorporation. The terms and provisions of this Declaration shall be construed as being adopted in each and every contract, deed, or conveyance hereafter

executed by Declarant conveying all or any part of the land in the Property, whether or not referred to therein, and all estates conveyed therein and warranties of title contained therein shall be subject to the terms and provisions of this Declaration.

Section 3. Amendments. Section 6. Annexation. Additional residential property and "Common Properties" may be annexed to the Properties:
